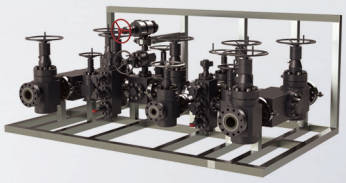
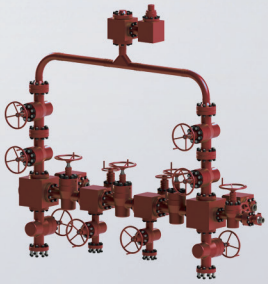
HIPPS System

Line Pressure Operated (LPO)

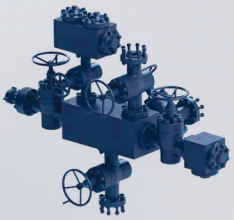
Self-Contained ESD

High Pressure Manifolds

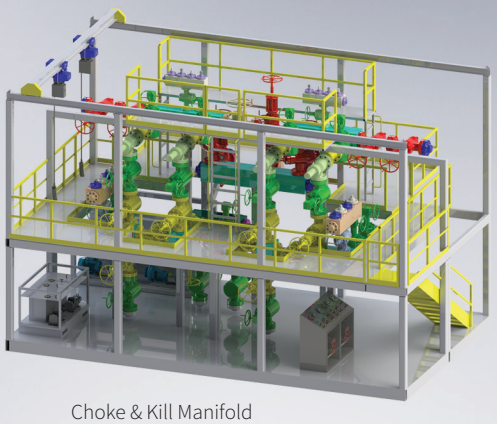




Standpipe Manifolds



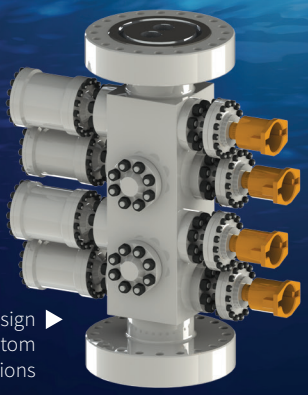
Cement Manifold



Choke & Kill Manifold

API 17D Subsea Products

◀ Subsea valves, certified to 20,000 PSI



SRI Energy will design and manufacture custom subsea configurations ▶

High Pressure Fittings & Other Standard API Products

Valve Specifications

Size Range	1-13/16" – 7-1/16"
Performance	up to PSL 3G, 4, ~PR2
Material Class	AA - HH Trim
Temp Range	-50°F to 650°F
Inlay	SS inlay and Inconel 625

Fire-safe valves available
